

Attention Coaches:

Please have your parents print off the first page of the form and bring to photo day if they would like photos.

Players **DO NOT** receive a free teammate.

The organizer for the day will be advising you of your team photo time. Please encourage your players to meet at the location at least **15 minutes prior to your appointed time.**

Please help us run a smooth photo day:

When you arrive, **come to the information booth to pickup a roster** and to be given instructions before photos will be taken.

We need your players **lined up smallest to tallest** as this will be the order that they will be photographed in. This should only be done when all players have arrived.

Please complete the roster and **return it to the information booth** so we know when your team is ready to proceed. One of OUR staff members will take you to the photographers.

Clear and correct spelling is very important as the player's names will appear on the photos.

All this will help make the day run smoothly and on time.

Thank You for your help! Fowle Foto , 604-460-7680
