

U11/U12 Recreational Program 2018/19

U11/U12 Recreational Program – The Richmond FC U11/U12 Recreational Program is the 2nd stage of the player’s development at RFC and is part of the Foundation development phase within the club framework, which falls under the Learn to Train Stage of Development in the Canada Soccer Long Term Player Development Model. There are 2 streams within the foundation development phase, the recreational and development streams, this program falls in the recreational stream.

The U11/U12 recreational program will have an RFC Technical Lead assigned to oversee and co-ordinate program with the objective to provide mentorship and guidance to all the club coaches within the age group during training and games

The RFC Technical Lead will also provide support to the players during training sessions and game days, with the aim to provide the best development environment possible for this group of players at their current stage of their development.

The training model would follow the CSA’s best practice model for this stage of development, with 2 session per week, 1st session 1hr 30mins and the 2nd 1hr in duration.

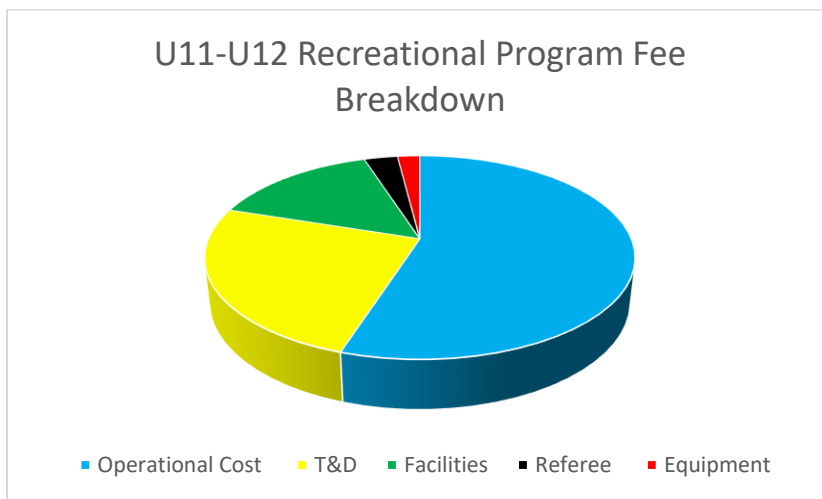

The curriculum for this program has been developed by the RFC Technical director and follows the guidelines outlined in the Canadian Soccer Associations LTPD Model

Games would be 1x per week, and would be 8v8 format as per the Canadian Soccer Associations LTPD small sided guidelines

Due to recent changes in the league structure within the lower mainland the Richmond Youth Soccer Association is now responsible for incorporating this age group and division within its recreational league. Therefore RFC has decided to combine the 2 age groups, and have teams play within the RFC Recreational League
