

U13-U18 Recreational Program 2018/19

U13-U18 Recreational Program – The Richmond FC U13-U18 Recreational Program (Division 3) is the final 2 stages of the player’s development at RFC, at U13-U16 players are part of the Growth & Maturation development phase within the club framework and at U17/U18 players enter the Graduation development phase, both of which falls under the Active for Life Stage of Development in the Canada Soccer Long Term Player Development Model. There are 2 streams within the Active for Life development stage, the recreational and competitive streams, this program falls in the recreational stream.

Each age group will have an RFC Technical Lead assigned to oversee and co-ordinate program within a specific age group with the objective to provide mentorship and guidance to all the club coaches working within all divisions Metro, Division 1, Division 2 and Division 3 at that age group.

At the recreational level (Division 3) the technical lead assigned to the age group would provide support 1x per month per team during their regular team training, working directly with the coaches and players with the aim to provide the best development environment possible for this group of players at their current stage of their development.

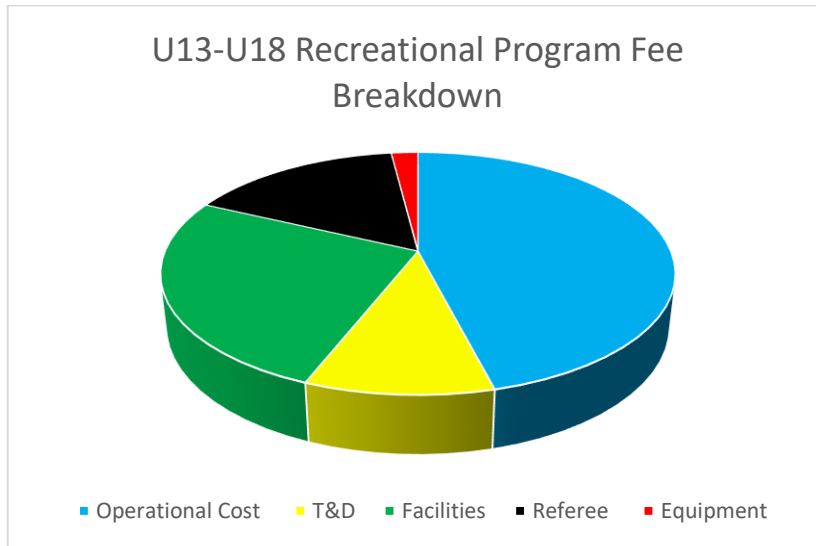

The training model would follow the CSA’s best practice model for this stage of development, with 1 session per week, 1hr 30min in duration.

The curriculum for this program has been developed by the RFC Technical director and follows the guidelines outlined in the Canadian Soccer Associations LTPD Model

Games would be 1x per week, and would be 11v11 format as per the Canadian Soccer Associations LTPD recommendations for this stage of development, teams would participate in the BC Coastal Soccer League during the course of the season, playing other Division 3 teams, from other districts across the lower mainland.

Cost: \$320 per player
